LIGHT READING & HEALING IN DIVINE LIGHT

»During the transmission to Jahn J Kassl, which happens in silence and in contemplation and happens in writing, human Beings in attendance are flooded with Light. The spiritual realms work on and with the energies of human Beings, give healings; and affect every human Being, in what is allowed and possible. Angels, Masters and our companions from beyond the veil fill the room and are with us.

The message of today flows through and the Light brings clarity, understanding and Love to human Beings, who now would like to experience the closeness to their origin. After that the given transmission will be read by Jahn J Kassl, and later on will be sent per email to all newsletter subscribers. This is a reading of a different kind, togetherness with the Light realms from the other side of the veil – a meeting with our family from All-That-Is, an evening of healing, the Light and God's Grace. So be it. In Eternity. Amen.«
