For all healings it is necessary to turn to full dedication to the prime source of All-that-Is and imploringly ask for healing. A pure heart and pure intention are the best preconditions so that healing may occur. Every healing can, as needed, be repeated after some time and as often as necessary.

The constant wearing of this healing energy supports the restructuring of the complete DNA of a human Being.

This symbol has been brought forth from the “Heritage from Atlantis”. Honor it and prove to be worthy, because the time of remembrance has come.

This symbol cannot be destroyed by anybody or anything, it is – even though breakable – indestructible in its energy, can neither be replicated or used inappropriately, because in that case it has no effect.

It is energized by ARCHANGEL METATRON, sealed and consecrated and is unaffected by any influence.

SUREIJA OM ISTHAR OM

The “Heritage from Atlantis” is transferred from the “High Council of the Pleiades” to the Lichtwelt Verlag.

All healings described herein refer to the highest possible potentials, which are manifesting themselves differently in each individual. Remember: It always happens what is supposed to happen and should happen.

All products, which are being offered by Lichtwelt Verlag, serve the healing of human Beings, nonetheless they do not replace the diagnosis or therapy from a medical professional (see also T+C 9.5.).
