The Biography of Jesus

My Life on Earth

Part II

LICHTWELT
VERLAG

«Timeless Testimony of His Presence»

Given by Jesus Christ

The way into the Light has been paved for human Beings,
and the seed of Love fell on fertile soil.

Today the seed blossoms,
today the Heaven on Earth arises,
and today the Light prevails.
Until you have attained your Divinity
and have accepted being Human:

As enlightened Gods from All-That-Is.

Foreword of the Author

The second part of Jesus's biography is here. This volume is not only a continuation of part I, but brings an amount of Love to earth that far surpasses anything existing so far.

The earth and we human Beings have reached a degree of development that makes these high energies possible, and on account of this book we can experience this power of Love *directly*, take it in and integrate it into our energy system.

A new level of human togetherness has been reached, that is impressively documented in the following pages.

Also this second part confronts the reader with several decisions, because the urgency of asking us to *awaken*, points to a major transformation. A transformation that should first happen in our hearts.

His repeated request that we may recognize who we are and then act indicates from my viewpoint that the «great events» are immediately ahead of us.

Naturally we live in the time reality of Mother Earth, yet also according to the timeless measures of the invisible worlds, highest readiness seems to be called for, if we want to go into the Light together with earth.

WAKE UP!

He constantly points in that direction, and this with an urgency that I have not experienced in any of my transmissions so far.

Indeed human Beings must change, and they change, because present upheavals in politics and society, the economy and the church, point to this «great transformation».

Therefore it was not surprising for me that he addressed the church and government. Directly and urgently so that they become aware of their status in order to start the long overdue necessary steps to a permanent transformation.

Jesus is very close, amongst us; this book also demonstrates this very clearly.

We have it in our hands to finally enter into the Light in order to be able to contribute in joy to this transformation. It is up to us, each of us individually, which decisions we are ready to make in this absolutely unique time.

The continuation of part I is also, foremost from my viewpoint, ***a timeless testimony of his presence***, because much of what we read about the events in the life of Jesus, we already had an idea of it. Therefore the new information, like the example given in the chapter «the betrayal on Judas», serves mostly as confirmation for our hearts that the current history to be accepted by us, is not correct; it has been subjected to frequent adaptations in order to establish a church that has expanded its influence with all might all the way into the bedrooms of human Beings.

I experience deep peace and great joy to be able to present this book to you. We all are in need of his Love and healing by his Light, until we are in our power and almighty. Until we accept and allow that we are also God's sons and daughters.

In the awareness of my Being and with the peace of the Almighty I put this book into your hands.

Blessings and Love,

Jahn J Kassl

Explanation

**«Jesus Christ and the consciousness of Sananda are ONE!
Therefore it is the ONE consciousness that takes effect in this book.»**

I would also like to mention this information in the second part of the Jesus biography, and I thank my editor, that she pointed this out to me, so that the differently signed chapters by HIM (by Jesus or Sananda) do not confuse you. It is always HE who talks to us, and his eternal name, his «vibrational name», is **Sananda**.

Every human Being carries such an «eternal» name, but in most cases it is unknown to us. We bring our multidimensional reality to the surface through this name, and thereby our true Being is apparent to all in the universe.

The personal signature, whereby we express our entire potential!

«Jesus of Nazareth», the Jesus, who is familiar to us and for 2000 years played such a significant role in the history of mankind, therefore is the incarnation of Sananda, the blissfully unconditional Love from eternity.

The Christ Consciousness has been anchored on earth through Jesus (therefore Jesus Christ), in order to enable access to his I AM presence for every human Being. Both expressions (Christ Consciousness and the I AM) describe the unconditional Love, which we need to realize here on earth. Therefore HE has come and due to his life as a human Being among humans the all-penetrating power of love is accessible to all human Beings since then, so that we, each one of us, awaken into our divinity.

Into the Christ Consciousness and into our I AM presence. That was the meaning of Jesus's life and work on earth, and through the omnipresent consciousness of Sananda this assignment has been fulfilled. This book describes HIS life in Jerusalem, therefore he quite often signs with Jesus Christ, also so that we may easily recognize HIM, because his name is very familiar to us. Where the facts of the story being told are less important, the comprehensive consciousness of Sananda comes forward, and therefore those chapters are signed accordingly.

In summary we experience in this biography Jesus and his omnipresent loving consciousness that is expressed in the name of *Sananda*. I interpret this as a small «task» for us so that we may also gradually release our fixed ideas of «Jesus of Nazareth» in that respect. So that we direct our attention to the «essence of the messenger»; it is the essence, whereby Jesus was, who he is, since Eternity, from Eternity and in Eternity.

Jesus Christ or Sananda?

It is always ONE power that touches you, the ONE who accompanies you, the ONE consciousness that loves you immensely.

The journey through Jesus's life is exciting and for some human Being may also be shocking, because the actual events strongly deviate from the story we were told so far. More than ever the innocence of humanity will be the theme in this final part.

But everyone who starts on this path will be richly gifted – with the knowledge that liberates us and lifts all guilt from our shoulders.

A truly exciting journey is again ahead of you.

In Love

Jahn J Kassl

Introduction

The time has come, is ripe, and it has been fulfilled!

Today the truth, the knowledge and the full overview of the events in the life of the son of humanity, of God's son, the light carrier on earth and the bringer of happy messages may be given.

What all did you have to suffer and endure?

Throughout all epochs you were kept in fear, kept away from your light, in order to have been subservient to a small clientele of human Beings.

The message of my life as Jesus has been so massively falsified, distorted and changed that the essence of my activities were barely recognizable.

In this second part of my biography it is again clarified, who you are and whereby so much guilt and incompetence, fear and inferiority could come into your life. The false picture that you made of yourself and your life on earth will now be adjusted. A great divine plan now comes to an end and you have fulfilled what you came for.

Starting with Adam and Eve, you have matured and today you are ready, together with earth, to ascend into the Light. All old ideas about you and about life get dissolved, and on account of this book clarity, wisdom and power arrive in your hands.

The clarity about the Being that you are. The knowledge about the actual events in the life of Jesus, the Christ in Jerusalem. In order so you may retain your strength and your power as God's sons and daughters.

The dissolution of guilt is therefore important, because only thereby can you find back to your innocence, the primal condition from All-That-Is.

Adam and Eve stood at the beginning of the journey, yet what you believe you know about it so far, fully contradicts the facts. The created explanations for it will be deciphered here. The «Question of Guilt» has no justification here, because it has been invented, and also the told story about Judas Iscariot finds a distinct clarification here.

It is time to speak in clear language!

Truly: You are ready for it.

Do not let yourself be tied to beliefs, imaginations or the untrue stories of history writing. Regain your self-worth, because out of it the new earth will be created, the new mankind thereby takes form.

You create new facts by releasing old pictures and you are able to meet yourself. From face to face you look at your Being. You become the divinity that you are and on this journey you return to the source in God's All-That-Is, you always encounter truth, peace, joy and love. Unconditionally – all and all encompassing.

This book is your ***initiation into Life***. Into your life, that from the very beginning of time constitutes God's unique expression.

Would you like to experience yourself as divine?

Therefore follow me!

Your heart will guide you, and on account of your renewed alignment to God's Light vibration everything will be fulfilled until you find yourself again in God's arms. What has been denied until now is given here. Truly:

You are innocent and exalted, and your service on earth is sacred. Praised are those, who are ready for this step into the Light, because the Kingdom of Heaven is close, the Kingdom of God has dawned and you return to the Garden of Eden.

The following chapters illumine the way, and the truth accompanies your return into the Love of the Wellspring of

All-That-Is.

Praised be the one who comes, in Eternity.

Amen

Sermon on the Mount I

**«Blessed are the ones, who turn to God,
because they inherit the Kingdom of Heaven.»**

Beloved children of humanity,
You bring forth all in beneficial and fulfilling realities, on earth and in the whole universe. Each heart is my home, and your comprehensive consciousness knows about the quality of all life.

Today I bring you the truth, today I give you the knowledge, and today I renew my being human. As one of you I take effect through you, and you take effect through me. Now you become aware of this symbiosis and many of you already experience and live in this oneness.

Again I give you my messages full of love and trust, and thereby Jahn's open light channels serve me well.

Therefore you should also trust, because much of what may seem «unbelievable» to you or even «unheard of», is true; and some of what has been so familiar to you and had pushed itself as «fact» into your life, is not what conforms to the events in my life at that time.

Stop and open your heart in order to be able to distinguish, in order to be able to shed darkness from you; in order to add an entirely new and fulfilling strength to your life and to finally radiate out of this strength – in order to attain a fulfilled everyday life.

The truth will free you; the attainment of your full strength is ahead and will thereby be attained.

Again I focus my Love on mankind, and as then I again raise my voice.
It is God's words in order to reach you and to unfold in your heart the love for all beings.

And again I raise my voice in order to lift you so that all may be fulfilled what has been destined for planet earth from the wellspring of All-That-Is.

The commitment to the perfection of Mother Earth and the devotion to your assignments, which have brought you here, is the master quality, which is now expected from each human Being.

The Master you are unleashes his strength only when you are able to fully devote yourself to your divinity. Then you are a Master, Life and Light.

This process initially proceeds in the quality of trust, unconditionally and absolutely.

Trust in God!

In this condition you still see yourself separated from HIM, yet the more you support the energies which lift you into this TRUST, the closer you get to the point when the merger with HIM is given.

This trust in All-That-Is is the basis that contributes constantly, sustainably and permanently to your growth as a divine Being. It does not work without trust in God, if you want to obtain the oneness with HIM. This beyond all measures blessed condition, whereby you merge in HIM, and he in YOU.

The trust in God is a very important state of being so that his roots can spread on earth, because thereby you are also given your appropriate self-confidence, and that is how you easily fulfill your assignments.

Your contracts from eternity can only thereby reveal themselves, because you are attached to your naval cord and to your life flow.

The path to unconditional devotion has been paved, as you trust.

As you have been confirmed numerous times in your trust, this sense of living can spread in you, until you are fully taken in by it and you have been fulfilled.

«Truly everything is cared for, therefore do not worry. Concern yourself with the Kingdom of God and everything else will be added to it.»

This is the eternal and universal law, the nature of all life.

If you trust God at first, everything else is given to you.

And truly then you are blessed, because the kingdom in heaven is there.

Beloved Father, beloved Mother of All-That-Is.

I AM the Trust,

I AM the unconditional Devotion,

I AM the all-encompassing Love of Being.

I entrust the way, because:

I AM the Way!

So be it.

AMEN.

This invocation strengthens your trust. The trust in life, as it unfolds in front of you. It requires this trust, the prime trust in your home – ***the trust in God*** – in order to obtain a fulfilling lifestyle.

This I AM invocation creates the fertile ground in your heart, and the unquestioning nature to be God's unique expression; and to experience yourself daily as such will thereby be anchored in you. A new «operating system» establishes itself in you, until you are fully networked with God's universal power.

Thereby DEVOTION becomes possible, and when it is obtained, the mysteries of a human life unravel themselves.

Those who give themselves to trust and unconditionally to God, are truly blessed and the kingdom in Heaven are in them and with them. Yes, truly, such human Beings are the Kingdom in Heaven!

Once you have found yourself in this lifestyle, nothing and nobody can do anything to you. You are blessed and exalted, enlightened and aware, in Love and being loved.

A knowledge out of God's hand, which instructs you and guides you, gives you and holds you, so that you never fall; which loves you and cares for your wellbeing. This oneness is perfect and complete, maintaining everything and fulfilling everybody.

Therefore get started, you beloved gods, you descendants of HIS almighty ness.
Take off for new shores.

Do not fear and TRUST!

The words of beatitude, which you are, were directed to human Beings, who had gathered at the river Jordan, in order to hear and to see; in order to take God's word into their heart.

This bliss fulfilled them wholly and it spread....

And I spoke:

«Blessed are the meek for they are the peacemakers.»

Only a meek, calm and loving heart, a heart wherein peace settled in, can bring peace. As the inner so the outer. Everything what you have inside is mirrored on the outside.

Therefore become meek and have the courage to live «softness». Be unshakeable in this, because the kingdom of peace has come to earth.

Free yourself from all warlike conditions in and around yourself.

Let go of this imperfection in your life.

Once and for all:

Get rid of your fears, which are not appropriate for your Being.

God's Light will liberate you until peace and meekness flow from your healed hearts. Peace will be on earth, and the time of Love will come.

And I repeat:

God's Light will free you.

Call the Light! ¹

.....and again, I raised my voice. A deep fulfillment grasped human Beings, who had come, in order to hear and take in God's word...

«Blessed are the truth seekers for they shall be called the children of God.»

Yes, it is the longing for truth, for the knowledge in us, which brings God's actions into the life of a human Being. The knowledge about the truth of all life, about the truth of a human life; about the truth that you are.

¹ In «LIGHT – Healing through God» – all our imperfect conditions of being, feelings like envy, anger, hate, jealousy, greed and all anxieties are explained and how it is possible to liberate oneself from these through God's Light: «A book given out of God's hand in order to anchor love, freedom and peace permanently on earth.» (Quotation from the book, remark of the Author)

All will be given, as you are ready for it.

The truth also does not go away any more, if you are ready for this knowledge, as your heart is filled with this longing.

The truth about the connections of all life is accessible to each human heart that starts to go from darkness into the Light.

If you have fully devoted yourself to God, then the truth will be unveiled. AN all-encompassing Knowledge will be given and you are – in the Light. For eternity.

«Blessed are the pure in heart: for they shall see God.»

Here also this is the central point, the essential aspect that really counts.

YOUR PURE HEART!

Free yourself from blindness and from the imaginations, which block the access to your heart. Lay bare your heart!

Truly, all human hearts are pure in their core. Yet how do you penetrate into this core, if you are full of false assumptions about life? How, you beloved ones?

End your «trip» into the darkness! Straighten up the old pictures, which are damaging to you, which you have of life and of yourself. That is the point, and this is always meant, when I talk about the purity of hearts.

And I repeat: Call the Light!

You beloved ones, go there and liberate yourself.

Go there and trust in God's all effective and granting Glory.

Go there and act in the intention to bring permanent peace, because:

The earth belongs to the meek – the new earth of peace.

Go there! I, Jesus Christ send you on your way. Bring the Light and be the Light.

«And blessed are those who have looked at themselves in God's countenance.»

.....HIS blessings fulfilled the hearts of human Beings, who listened to God's word at the shore of the lake. I on the other hand walked down and went among human Beings, who had come in order to see HIS son and to surrender to HIS Love....

I am with you, you sons and daughters of the ONE God.

I, the unconditional Love from All-That-Is.

Jesus Christ

In the Beginning was the Word

In the beginning was the Word, and the Word was with God, and the Word was God.

And through his Word all life took form. Visible and invisible, this side and beyond, above and below; omnipresent expression of HIS Light, on all levels of All-That-Is. God's impulse in order to create Life – HIS WORD.

I greet all human hearts, every consciousness, which read these lines at present and partake in this message.

All will be given, as the time for it comes, as the point has been reached, when the events shall step into the Light. Not any sooner can the new be given, yet has the level for an expansion in consciousness been reached, all will be given that supports human Beings on their path to awareness.

Today the longing for truth of mankind has developed the force, so that a «new earth» can be built in front of your eyes, and you receive all support from the spiritual light worlds, so that this will also be fulfilled.

God's messengers are everywhere and omnipresent, and I, Jesus Christ, am among them. The messenger of messengers, the herald of the joyous message. God's Word has taken form through me, and today I have again taken on that form.

Therefore I stand in front of you and I bless your heart, so that you understand and recognize as one talks about the «Word of God».

At the beginning of «time» there was neither the Word nor time. Except for the Light, beyond space and time, there was nothing else. All was the ONE, and in it everything was one: timeless and eternal.

This oneness began to create levels, in order to experience itself, and HIS Word began to penetrate all the creations.

HIS Word therefore is the beginning of all that was released out of oneness, in order to, on one's own, surrender oneself to the illusion of separation from God.

The Word of God is the power of creation that takes gestalt through the Word, because this is according to HIS intention. HIS Word sends out the impulse to form the new and create new realities. And each condition is interlaced with this Word of God, that intention from All-That-Is.

The further a state of being is distanced from the Source, the quieter HIS Word can be heard, and in the past thousands of years on earth only a «whisper» could be heard:

HIS whisper from Eternity.

Few of you had the access to this voice, and the planet threatened to be entirely cut off from the Source of Light, because the Word of God could hardly be heard.

The quiet whisper from Eternity got lost, before it could even reach your heart. But today the great change is here, and the turning back of the energy on earth is an existing fact!

The Word of God can be heard again, and more and more you hear HIS voice, HIS call – the whisper from Eternity, in order to remind you of your home.

Like HIS WORD became flesh through me, HIS Word penetrates now into your flesh, imbuing and fulfilling you. Slowly you remember your origin, and HIS call does not remain unanswered any longer.

«In the beginning was HIS Word....and also at the end is HIS Word, because the Word is beginning and end.»

Only, when you have completely returned into the oneness of all life, every word escapes and each intention, because the Great One is formless, without intention, without words – nothing but Love.

Therefore understand: The Word has a beginning and an end, but God is eternal without a beginning and time, from Eternity to Eternity.

The proclamation of the «Word of God» is therefore a constant reminder of the wordless presence of your divinity.

You understand the Word of God, the joyous message, as soon as you liberated yourself from all images and norms, from all ideas and moral obligations therefrom.

The pure Word of God, the unrestricted joyous message, is formless, without demands, unconditional, without laws, free of morals, far from judgment and evaluation.

The joyous message, the beginning and the end, is the direct hint that all life was born from the beyond, is eternal and has been eternal.

In the assumption, endowed due to God's power, many priests believe that they have the right to direct the Word of God to you. Yet they are nothing more than the interpreters of HIS Love, and often not even that, because they allow the darkness of their ignorance and the hidden intentions of the organization they serve, to enter into these «interpretations». The Word of God is thereby used and misused, and those, who pretend to be the herald of the joyous message, no longer hear HIS whisper.

In order to be able to ascend, you must understand your essence and recognize your Being!

Yet to the priests of the ruling cartels, there is nothing more distant than that. Their lack of knowledge, the ignorance and their blindness are so great, that a great wind will go through the halls of the cluttered hearts, in order to enable a liberated life.

«...at that time the Word of God became flesh, and through the flesh HIS Word reached human Beings.»

Again today I have come, and HIS Word has become flesh; in thousands of light siblings, which are now among you, in order to end this fraud, this desecration of human hearts.

The time of the joyous message has come, because the cup is full!

It is fulfilled, and the «heralds» of a message, which was favorable to the demands of a power-hungry elite on earth, will step down!

Because the joyous message is directly given to every human Being. Each human Being, who will experience this, will receive this knowledge, directly put into his heart:

The Word of God as a voice in his heart.

The uplifting back into the Light, the ascension from death into life, because truly:

The power has been taken from the false prophets!

Their ruler ship over human Beings has ended!

Those, who in the name of ONE Father or in my name have put a bloody trace over earth, the power to carry out their human and life despising game, has been taken from them.

The new earth grows. More and more, day for day, the Word of God can be heard more clearly, and many orient their life accordingly. The old viewpoints go and are released; and therefore more and more human Beings become mindful and begin to distinguish. This ability, once it has been obtained, makes you free, and you recognize the intentions of those, who pretend to speak in HIS or my name.

...and many will come and say: «*I proclaim the Word of God*» or «*the Word of God is with me*». There will be many of them.

«...and in the name of the ONE they will carry out deeds, which mock humanity and God.»

Therefore discard your limitations, which were put on you, and regain your power of distinction! So that you can separate the «chaff from the wheat» and find your way through this extremely eventful time on earth.

Today and here let it be proclaimed:

You will receive the joyous message, if you are ready for it! The message, once it is put in your heart, will remove all fallacies, and you stand in the Light.

The proclamation from second or third ones is thereby unnecessary, because you have received the knowledge firsthand, from God's hand.

Do not let yourself be misled any longer, and begin to take on the responsibility for your life. Do not give it away again, by looking for an «intermediary» to God and keeping you away from the direct encounter with HIM.

Have trust in your strength.

Have trust in your power.

Have trust in your divinity.

...and HE will rest in your heart, until you are entirely filled by HIM, become the Light that you are.

«...and through HIS Word all life took form.»

So go there, you Gods in human flesh, and proclaim the joyous message, as it has entered your heart. The message from God's eternal All-That-Is.

The formless and unconditional Love.

My Father and I are One. And you also came from this oneness.

You are loved and blessed. For eternity.

Jesus Sananda

The Chaff separates from the Wheat

Beloved Children of Light,

I am with you all the time, and you know me. You know about my presence, and my presence is proverbial; because I am omnipresent in your hearts. It is a presence wherefrom you bail out, whereby you are transformed, and what you can depend on at all times.

I do not yield from your side. There, where you rarely suspect me, there I am very close, and where you think to be left behind and lonely, there I lift you and carry your load.

I am Jesus Christ, the consciousness Sananda, that intimates itself here and reveals itself to you. I am the eternal and that Eternal, the all-encompassing and divine Love ray from All-That-Is, wherein we all have our home; the departure point of all life.

Today I am with you, and I proclaim the joyous message of unconditional Love. Again and again, until you have finally awakened, until you fully understand and comprehensively recognize that thereby you can heal earth.

Today it is time to lead a life that does justice to these demands. This is a life that brings forth the glory of Love to all beings and thereby imprints itself lastingly into the matrix of earth.

If you want that darkness, all suffering, all the pain and the fears of thousands of years dissolve from the energy field of earth, then you must feed new, light-filled and loving energies into this grid.

This is of utmost urgency now, because time is short. The earth goes into the Light, and due to the healing of your injured heart, this process will proceed more harmoniously and in joy for you.

It requires the healing of your heart, so that earth can raise itself into the Light! Thereby you heal the energy field of the planet, because the energy field of the body is directly connected to the matrix of earth.

All is one is proclaimed over and over again, and in this instance it is to the point and true.

Therefore know: It is up to you!

Up to each one of you, up to every human Being, who is now ready to release his old dramas, his pain, often from a long ago time – now it is up to each one of those human Beings. And it is up to each, who is ready to enter the path to Light.

My return has been fulfilled, because I am among you; the long waiting is over.

What took its beginning in Jerusalem at that time, fulfills itself today: the planetary healing, comprehensively and affecting all life on earth.

There is no return anymore. This process has progressed far, and human Beings have no time left to «think» about it.

«...the chaff separates from the wheat!»

Because the events are lined up like the pearls of a chain, and enter into the reality of the planet.

Today my wake-up call goes to all human Beings, who are still asleep, who sluggishly meet their habits and believe that the great changes, which are already visible, will pass in front of them without a trace.

This is a fallacy, beloved brothers and sisters from the Light. It is an assumption that will not be fulfilled, because it cannot be fulfilled anymore!

The process of transformation and rebirth of Mother Earth has in the meantime progressed so far that every human life is affected by it. Therefore you have to make a decision:

Do you wish to go along into the Light, the joy and eternal peace, or do you want to continue to remain in your self-created darkness? Do you wish to wait in the shadow for the Sun, or do wish to step out and thereby stand in the Light?

The time is short, and today I call on those, who still have not decided, those, who still hesitate, those, who are of the false assumption that God's actions will not leave any traces on them.

You beloved children of humanity, which still react anxiously or hesitantly to the upheavals of this time: AWAKEN!

Turn your life toward the Light.

Fulfill your daily routine with Life.

Nurture each one of your days with Love.
